INTRODUCTION.

The publishers have much satisfaction in placing this, the second volume of the Port Huron City and St. Clair County Directory in the hands of the subscribers, knowing it to have been prepared with great care, and being confident that it will be found as complete and accurate as it is possible for a work of this class to be made in a location where so many changes are continually taking place.

The book contains 421 pages of matter of which 135 are devoted to the city of Port Huron and after making ample allowance for firm names, duplicates, etc., show a total of 3,905 names equal, by using a multiplier of 3, which is the common directory method, to a population of 11,715. The state census taken in the spring of 1884 showed a total of 10,390 for the city, and 36,423 for the balance of the county or a total for St. Clair county of 46,813.

The publishers desire to return thanks to their patrons for the support accorded the work.
