CITY AND WARD BOUNDARIES.

CITY LIMITS.

The corporate limits of the city of Port Huron are described as follows: Commencing at a point on the national boundary line, in St. Clair River, where the same would be intersected by the section line, if extended, between sections 21 and 28, in town 6 north, range 17 east, thence running west along the northerly line of the highway between said sections to the southwest corner of section 21; thence north along the east line of highway between sections 21 and 20, to the south line of highway between sections 16 and 21; thence east along the south line of said highway to the west line of highway running north and south through the centre of section 16; thence north along the west line of highway in the centre of sections 16 and 9 to the north line of highway running east and west across the centre of section 9; thence west along the north line of said highway to a point where the Indian reservation line intersects said highway; thence in a northwesterly direction along said Indian reservation line to the south line of lot 8 of the Bonhomme (Campau) tract; thence northeasterly along the south line of lot 8, private claim number 3, to the centre of Black River; thence up the middle of said Black River to the northwest corner of what was formerly

known as the McNeil tract; thence easterly on the north line of said McNeil tract to a point where the west line of Lakeside Cemetery, if extended south, would intersect said north line of said McNeil tract; thence north along the west boundary line of said Lakeside Cemetery, (said line being the west line of the east fractional part of section 27, in township 7 north, range 17 east,) to the north line of section 27; thence east along the north line of said section 27 and the north line of fractional section 26, to the west line of the highway known as Lakeside turnpike; thence northerly along the west line of said turnpike to the north line of section 22; thence east along said north line of section 22, town 7 north, range 17 east, to the national boundary line in Lake Huron, and thence southerly along said national boundary line in Lake Huron and St. Clair River to place of beginning.

WARD BOUNDARIES.

FIRST WARD—Consists of all that territory within the following boundaries, to-wit: Commencing at the center line of Huron avenue where the same intersects the middle of Military street bridge, thence north along the center line of Huron avenue to the center line of Suffern street; thence east along the center line of Suffern street to the national boundary line; thence southerly along the said national boundary line to a point where the same would be intersected by the center line of Black river; thence westerly along the center line of Black river to the place of beginning.

SECOND WARD—Consists of all that territory within the following boundaries, to-wit: Commencing at the center line of Seventh street bridge, thence in an easterly direction along the middle of Black river to the national boundary line; thence southerly along the said national boundary line to a point where the same would be intersected by the center line of Seventh street extended to the said boundary line; thence north along the said center line of Seventh street to the place of beginning.

THIRD WARD—Consists of all that territory within the following boundaries, to-wit: Commencing at the middle of Military street bridge, thence northerly along the center line of Huron avenue to the center line of Suffern street; thence west along the center line of Suffern street to the middle of Black river; thence in a southerly direction along the middle of said Black river to place of beginning.

FOURTH WARD—Consists of all that territory within the following boundaries, to-wit: Commencing at the middle of Seventh street bridge, thence southerly along the center line of Seventh street to the center line of Howard street; thence in a westerly direction along the center line of Howard street to a point where the said center line extended would intersect the city limits on the west; thence along the line of the city limits in a northerly direction to the

center line of Black river; thence southeasterly along the center line of Black river to the place of beginning.

FIFTH WARD—Consists of all that territory within the following boundaries, to-wit: Commencing on the center line of Suffern street where the same extended would intersect the national boundary line, thence westerly along the center line of Suffern street to the center line of Black river; thence northerly along the center line of Black river to the center line of Sedgwick street; thence east along the centre line of Sedgwick street to the national boundary line; thence south along the national boundary line to the place of beginning.

SIXTH WARD—Consists of all that territory within the following boundaries, to-wit: Commencing at the center line of Howard street at its intersection with the center line of Seventh street, thence south along the center line of Seventh street to the center line of Griswold street; thence west along the center line of Griswold street to the city limits; thence north along the line of the city limits to a point where the same would be intersected by the center line of Howard street extended westerly to the city limits; thence east along said center line of Howard street to the place of beginning.

SEVENTH WARD—Consists of all that territory within the following boundaries, to-wit: Commencing on the center line of Sedgwick street, where the same extended would intersect the national boundary line; thence westerly along the center line of Sedgwick street to the middle of Black river; thence north along the middle line of Black river to a point where the old boundary line between Port Huron and Fort Gratiot extended would intersect it; thence easterly along said former boundary line to the national boundary line in St. Clair river; thence southerly along the national boundary line to place of beginning.

EIGHTH WARD—Consists of all that territory within the limits of the city of Port Huron lying south of the center line of Griswold street and west of the center line of Seventh street.

NINTH WARD—Consists of all that territory within the following boundaries, to-wit: Commencing at a point in St. Clair river where the old boundary line between Fort Gratiot and Port Huron extended would intersect the national boundary line; thence westerly along said former boundary line to the middle of Black river; thence north along the middle line of Black river to a point where it would intersect the line between lots 36 and 39 of the so-called McNeil tract; thence easterly along said line until it shall intersect with the center line of the River road; thence southerly along the center line of the River road to the center line of Garfield street; thence easterly along the center line of Garfield street until the same intersects the center line of Pine Grove avenue; thence southeasterly along the center line of Pine Grove avenue until it intersects with the center line of Hancock street; thence easterly along the center

line of Hancock street to a point where, if extended into Lake Huron it would intersect the national boundary line; thence southwesterly along the national boundary line to the place of beginning.

TENTH WARD—Consists of all that territory within the following boundaries, to-wit: All that territory within the corporate city limits, and lying north of the following described line: Commencing at a point in the national boundary line where the same would be intersected by the center line of Hancock street, if extended; thence westerly along the center line of Hancock street until the same shall intersect with the center line of Pine Grove avenue; thence northwesterly along the center line of Pine Grove avenue to the center line of Garfield street; thence west along the center line of Garfield street until the same intersects with the center line of the so-called River road; thence northerly along the center line of the River road until the same shall intersect the dividing line between lots 36 and 39 of the McNeil tract; thence westerly along the said dividing line to the center line of Black river.

STREETS AND NUMBERS.

By the provisions of an ordinance adopted by the Common Council, and approved March 8, 1887, the City of Port Huron is divided into two districts for house numbering.

One hundred numbers are allowed for each block, and 20 feet front is allowed for each number. Thus, in blocks having 400 feet front, there are 40 numbers, beginning, for example, on a street running east and west, between Sixth and Seventh streets, at 601, and ending at 640.

On the south side of Black river, streets running east and west have the even numbers on the south side and odd numbers on the north side. The numbering begins at St. Clair river, the blocks east of First street being numbered from 1 to 100, between First and Second streets 101 to 200, and so on westward to the city limits.

On streets running north and south, south of Black river, the even numbers are on the east side and the odd numbers on the west side. Numbering begins at Black river at the intersection of Fifteenth and Water streets counting the blocks on the east side of Fifteenth street. The numbers between Miller street and Lapeer avenue are between 601 and 700, Fish street being left out of consideration; between Lapeer avenue and Gillett street 701 to 800, Scott street being left out of consideration; between Gillett and Howard streets 801 to 900; and so on to the southern limits of the city.

On the north side of Black river the same general plan prevails, numbers on east and west streets beginning at St. Clair river and running west, 100 for each block; and on north and south streets beginning at Black river and running north.

The names and locations of streets are as follows:

Incandescent Electric Light is the Best!

Some of the Advantages of Electric Light:

C	Cubic feet of air vitiated.	Cubic feet of carbonic acid produced.	Heat produced in 1 lb Watt's raised 1° Fahrenheit.
12 c. p. Incandescent Lamp	None.	None.	13.8
12 c. p. Gas Light,	345.25	3.21	278.6
12 c. p. Kerosene Lamp	376.30	3.54	232.6

Some of the Disadvantages of Gas:

Air consumed.	Carbonic Acid thrown off.
Heat.	Unsteadiness of Light.
Freezing Pipes.	Danger of Suffication.
Humidity.	Danger from Use of Matches.
Ceilings Blackened.	Water and Air in Pipes.
Sulphur thrown off.	Metals and Gildings Tarnished.
Ammonia thrown off.	Sulphuretted Hydrogen thrown off.

Gas cannot be inverted to throw light down.

None of These Disadvantages Accompany Electric Lighting.

In general the Incandescent Electric Light is much healthier and much more convenient to use than any other method of lighting and is more economical for amount of light furnished than gas.

If You Need Light, Apply to

CITY OF MARINE CITY.

Marine City is located at the confluence of Belle and St. Clair rivers. It is 42 miles north of Detroit, and 20 miles south of Port Huron. The nearest railroad point is Sombra, on the Canadian bank of St. Clair river, and directly opposite, although the railroad at St. Clair, seven miles north, is probably the most patronized. Connection is had with Detroit and Port Huron by three lines of steamers during the summer months, and a stage line connects it with Port Huron, St. Clair and Algonac during the winter. The vessel interests are extensive and represent one of the finest fleets on the lakes. Four ship yards turn out some of the best wooden vessels afloat. The most extensive bed of rock salt in the world was discovered here in 1882, and seven salt blocks furnish employment to a large number of men. A fine water works plant, a system of electric fire alarms, and four fire companies afford fire protection. The city is lighted by electricity, and has a complete system of sewerage.

CITY OF ST. CLAIR.

St. Clair is located on the west bank of the St. Clair river, at the mouth of Pine river, 12 miles south of Port Huron. It is the eastern terminus of the Michigan Midland division of the Michigan Central railroad. During the summer months several lines of steamers afford connection with river and lake ports, and in the winter stages run to Port Huron, Marine City and Algonac. One ship yard and two salt blocks are the principal industries, and afford employment to a large number of men. The city has acquired an enviable reputation as a summer resort, and its hotels are among the finest in the state. A splendid system of water works and an electric light plant are owned and operated by the city. A well organized and equipped fire department affords protection against loss by fire. The city also has a complete system of sewerage.

Does it Pay To Use Pure Salt?

In July, 1891, Joy Morton & Co., of Chicago, purchased of a prominent and thoroughly competent butter-maker, three tubs of butter and had them shipped to the Western Refrigerator Company, Chicago, to be put into cold storage. On each package there was put a private mark, indicating with what kind of salt it was salted.

On November 3d, the butter was opened and examined by Messrs. D. C. Wolverton, of Belvidere, Ill., and P. Gibbons, of Chicago, gentlemen well known as judges of butter. The score stood as follows:

	Highest Possible Score.	Diamond Crystal Dairy Salt.	Higgins Salt.	Ashton Salt.
FLAVOR	45	42	38	32
QUALITY	30	28	27	26
COLOR	15	15	15	15
SALT	10	10	07	09
	100	95	87	82

All the butter examined **was churned at the same time**, was from the same lot, and the test was in every way a perfectly fair one.

At the Illinois Dairyman's Convention, held at Belvidere, in 1891, the best butter in the show was salted with Diamond Crystal Salt.

The best butter made from separator cream was salted with Diamond Crystal Salt.

The best butter made from gathered cream was salted with Diamond Crystal Salt.

Butter which made the highest average score was salted with

Diamond Crystal Salt

At the Dubuque Convention held in February, 1893, the result was identical with that at the Belvidere Convention in 1891, that is, the best butter in the show, the best butter made from separator cream, the best butter made from gathered cream, and butter which made the highest average score was salted with Diamond Crystal Salt.

A STATEMENT WORTH READING.

On the 18th of July, 1888, I caused to be packed three sixty pound tubs of butter, all from the same churning. In one of these tubs the butter was salted with Ashton, in one with Diamond Crystal, and in another with another prominent American salt. These were all shipped to Boston, put in storage and held there until February 19, 1889. They were then examined by expert judges of butter, who did not know what salt had been used in any of them. The decision was that the butter in the tub salted with Diamond Crystal Salt was worth one cent per pound more than that in the other tubs The following year I had the same test repeated, when the judges decided that the butter salted with Diamond Crystal Salt was worth a cent-and-a-half more than the butter in the other two tubs. I have continued the tests every year since, and in every case the decision has been favorable to Diamond Crystal.

O. DOUGLASS, No. 8 N. Market St., Boston, Mass.

VILLAGE OF ALGONAC.

This thriving village is located on the bank of St. Clair river 28 miles south of Port Huron. It is fast becoming a popular summer resort, and hundreds of visitors spend a portion of the summer here enjoying the fine fishing and boating which the surrounding waters afford. It has no railroad, but connection is had during the summer months with Detroit, Port Huron and river ports by several lines of steamers, and in the winter stages run to Marine City, St. Clair, and Port Huron. The principal industries are a ship yard and a stave mill. The village has a Western Union telegraph office, and is connected with the long distance Bell telephone lines. Express matter is forwarded by the river line steamer Mary and the Star line steamers during navigation.

VILLAGE BOUNDARIES—The village comprises that territory known and described as section ten (10) of the township of Clay.

PARKS—The village park is bounded by St. Clair, Washington, Clay and Smith streets.

PUBLIC BUILDINGS—Village Hall in centre of the village park.

VILLAGE OF CAPAC.

This village is in the township of Mussey, on the C. & G. T. railroad, 27 miles west of Port Huron. The adjacent lands are highly productive and well cultivated, rendering Capac an important shipping point for grain, wool and general farm produce. There are located in the village a large grain elevator, a good flour mill, a creamery and a foundry. There is a Western Union telegraph office, and a Michigan Bell state line telephone office. American express.

VILLAGE BOUNDARIES—The territory within the corporate limits is known and described as the southwest quarter of section twenty-two, the southeast quarter of section twenty-one, the northeast quarter of section twenty-eight, and the northwest quarter of section twenty-seven, all in the township of Mussey.

PUBLIC HALLS—Walker's hall, Walker block.
K. P. hall, over Lester's hardware store.

ST. CLAIR FLATS.

St. Clair Flats, often called the "Venice of America," is the term applied to the islands, shoal waters and grassy wastes formed at the mouth of St. Clair river. The territory under the jurisdiction of the United States is west of what is called the south or main channel of the river, and south of the north channel, although the shore of the main land below Algonac is sometimes referred to under the general title of the Flats. It is a part of the township of Clay. The largest island is Harsen's island, on which there are several good farms. The other islands are Russell's island, which divides the north and south channels, and Stromness island, which divides the north and middle channels. The rest of the territory is a marshy waste almost entirely under water except where building spots have been formed by dredging and filling in.

With the exception of the Grande Pointe, Maple Leaf, and Sans Souci plats on Harsen's island this territory has never been surveyed, being shown on the U. S. government maps as grass flats, and in some places now occupied by fine buildings the maps indicate the open waters of Lake St. Clair. In many instances piles have been driven in the shoal waters and houses erected thereon, and the only titles which can be acquired to any of the unsurveyed parts of the flats are squatter claims, and owners never attempt to give more than quit-claim deeds.

For many years the St. Clair Flats have had the well-merited reputation of being a "sportsman's paradise." The waters teem with bass, perch, pickerel and other fresh water fishes and the marshes are the home of great quantities of wild ducks and other aquatic birds. It was the sportsman who was first attracted to the place, but soon other people began to come to spend a few days boating or fishing during the summer. Club houses and private dwellings began to spring up and people flocked thither to stay the entire season, so that now the St. Clair Flats are rapidly becoming the greatest summer resort in the Northwest.

It is on the United States side of the south or main channel of the river that most of the club houses and residences have been built and from the Grande Pointe Club at the head of Harsen's Island to the U. S. government ship canal at the end of the channel the bank is thickly lined with resorts. Through this channel which varies in width from a few hundred feet to a third of a mile, passes in grand review the entire commerce of the great lakes. The government records show that from the first of May to the first of December a vessel passes through the canal an average of every three and a quarter minutes night and day. The north channel has been receiving considerable attention from resorters of late and will no doubt soon be as popular as the main channel.

Besides some private steamers, the Star Line gives a double daily service from the Flats to Port Huron and Detroit during the season. The nearest postoffice is Algonac, but the Star Line steamers bring mail daily from the Detroit postoffice to the Star Island House. There is no communication by wire beyond Algonac, but a scheme is proposed which will connect the club houses and public resorts with both the Western Union telegraph and Michigan Bell telephone systems.

THE TOWNSHIPS OF

ST. CLAIR COUNTY.

ABBREVIATIONS.

f, farmer; lab, laborer; o, owner; t, tenant; p c, private claim. The figures indicate number of section or lot.

BERLIN TOWNSHIP.

Is situated in the extreme western part of the county, and was first organized as a township in 1839. It is bounded on the north by Mussey township, east by Riley township, south by Macomb county, and west by Lapeer county, and is designated as town 6 north, range 13 east. The township was covered with timber of the hardwood varieties, but has been cleared, developing some very fine farming lands, generally level. It is well watered by Belle river, which traverses the northern part from west to east. There are three post offices in the township, Belle River in the northern part, Berville in the southeastern part, and Smith in the western part. The Almont division of the Flint and Pere Marquette railroad crosses the southern portion of the township, with stations at Berville and Smith. There is but one church in the township, a Methodist Protestant, situated in the southwestern part. There are two cemeteries and eight school buildings.

The township officers for 1893-4, and their post office addresses, are:

Supervisor—Will J. Sweet, Smith.
Clerk—John C. Moorehouse, Berville.
Treasurer—Mortimer B. Granger, Belle River.
Highway Commissioner—William J. Tripp, Almont.
Justice of the Peace—Thomas Conroy, Capac.

BROCKWAY TOWNSHIP.

This township is one of the northern tier of townships of St. Clair county, and is bounded on the north by Sanilac county, on the west by Lynn township, on the south by Emmet township, and on the east by Greenwood township. It is described as town eight north, range fourteen east. The township was originally heavily timbered and there is still some valuable wood standing. The surface of the township is rolling, and well adapted to general farming purposes. It is traversed by Mill creek, a branch of Black river. The Saginaw division of the Flint and Pere Marquette railroad cuts across the northeastern portion of the township. There are six school buildings, five churches and three cemeteries.

The township officers for the year 1893-4, and their postoffice addresses, are as follows:

BURTCHVILLE TOWNSHIP.

This is a fractional township in the extreme northeastern part of the county. It is bounded on the north by Sanilac county, on the west by Grant township, on the south by Fort Gratiot township, and on the east by Lake Huron, and is designated as town 8 north, range 16 east. The surface of the country is rolling, and was originally covered with oak, beach, maple and pine timber, making excellent farming land, and producing hay, wheat and oats in large quantities. Lakeport, in section 20, on the bank of Lake Huron, is the only postoffice. The township has a town hall on section 24, three schoolhouses, one church, and a cemetery at Lakeport.

ST. CLAIR COUNTY ABSTRACT OFFICE, Particular attention paid to Perfecting Titles. FRASER & FISH, COMMERCIAL BANK BUILDING PORT HURON.

CHINA TOWNSHIP.

This township is situated in the southern part of the county near St. Clair river, and separated from it only by a narrow strip of territory comprising East China township. It is bounded on the north by St. Clair township, on the west by Casco township, on the south by Cottrellville township and on the east by East China township. It is described as town 4 north range 16 east. It is one of the best agricultural townships in the county and is traversed from northwest to southeast by Belle river. Near the river the surface is rolling, but away from it, it is exceedingly level and fertile. The Michigan Midland division of the Michigan Central railroad crosses the northern part of the township from east to west. There are in the township a fine town hall, ten school buildings, two churches, two cemeteries, and in the central part of the town, on Belle river, a large steam flour mill.

The township officers for 1893-4, and their postoffice addresses, are as follows:

Supervisor—Henry Diem, Marine City.
Clerk—H. G. Rood, St. Clair.
Treasurer—Charles Schunk, Marine City.
Highway Commissioner—Fred. E. Douglas, St. Clair.
School Inspector—George Schreiner, Marine City.
" " —Butler Osborne, St. Clair.
Justice of the Peace—Austin Abbey, St. Clair.
" " " —David F. Duschene, St. Clair.
" " " —Fred W. Schreiner, Marine City.
" " " —John McMichael, St. Clair.
Constable—Frederick Gutler, Marine City.
" —Lucius Clark, Marine City.
" —John Mow, St. Clair.
" —Alexander Blakely, Marine City.

CLAY TOWNSHIP.

This township forms the southern point of St. Clair county, and is bounded on the north by the townships of Cottrellville and Ira, on the west by Lake St. Clair, and on the south and east by St. Clair river. It is described as town 2 north, range 16 east. It is divided into several islands by branches of St. Clair river, principal among which are Harsen's, Russell's and Stronness or Dickinson's islands. Its territory also includes the marsh lands commonly known as "St. Clair Flats," and all the club and private houses in American waters in Lake St. Clair. The surface of the country is flat, but is fair farming land, and produces hay and fruit in large quantities. Algonac is the only village or postoffice in the township, the description and directory of which will be found in the preceding pages. The township has a town hall located in the village of Algonac, and outside of the village three schools, and one cemetery. There are no churches outside of the village.

The township officers for the year 1893-4, and their postoffice addresses, are:

Supervisor—John M. Robertson, Algonac.
Clerk—R. W. Denton, Algonac.
Treasurer—Gilbert Townsend, Algonac.
Highway Commissioner—George W. Landon, Algonac.
Justice of the Peace—Dennis Swartout, Algonac.
" " " —Christ C. Smith, Algonac.
" " " —L. D. Stewart, Algonac.
" " " —John Richardson, Algonac.
School Inspector—Dr. W. K. Moore, Algonac.
" " —John A. Smith, Algonac.
Constable—A. D. Tibedeau.
" —F. Chapman.
" —Grant Skinner.

CLYDE TOWNSHIP.

Clyde township, situated in the northeastern part of the county, was organized in the year 1837. It is bounded on the north by Grant township, on the west by Kenockee township, on the south by Kimball township, and on the east by Fort Gratiot township. It is designated as town 7 north, range 16 east. The land, except in the immediate vicinity of Black river which traverses the township from northwest to southeast, is generally level and somewhat sandy. There are, however, some excellent farming lands. Mill creek enters the township from the west and empties into Black river near the center of the township. There are three postoffices in the township, Atkins in the north, Ruby in the west, and Zion in the east. The township has a town hall, six school buildings, four churches and three cemeteries.

The township officers for the year 1893-4, and their postoffice addresses are:

Supervisor—David Atkins, Atkins.
Clerk—Fred A. Beard, Atkins.
Treasurer—George A. Coggan, Ruby.
Highway Commissioner—Robert Baker, Atkins.
Justice of the Peace—Frank O. Reynolds, Atkins.

COLUMBUS TOWNSHIP.

This township was organized in 1837, and was the ninth township in the county. Theodore Bathey was the first supervisor, he being the grandfather of the present supervisor, Fred H. Bathey. The township is located on the western border of the county, and is bounded on the north by Wales township, on the west by Macomb county, on the south by Casco township, and on the east by St. Clair township. It is designated town 5 north, range 15 east. Belle river flows through the southwestern part of the township, and several small streams, tributaries to Pine river, run through the northern and eastern parts. The Grand Trunk railway crosses the township from northeast to southwest. There is no post office inside the limits of township, and only one small village, Columbus, in the southwestern portion. The township has a fine town hall, nine school buildings, three churches, and one cemetery.

The township officers for the year 1893-4, and their postoffice addresses, are:

Supervisor—Fred H. Bathey, Smith's Creek.
Clerk—Clark Stephenson, Richmond.
Treasurer—Cornelius J. O'Donnell, Richmond.
Highway Commissioner—John C. Schoof, Rattle Run.
Justice of the Peace—John B. Voorheis, Smith's Creek.
" " " —John Wagner, Smith's Creek.
" " " —Daniel M. Dayton, Smith's Creek.
Constables—Silas Withey, Richmond.
" —Elias Whittaker, Rattle Run.

COTTRELLVILLE TOWNSHIP.

This township was organized in 1822, shortly after the organization of the county, and was one of the four townships which then embraced its entire area. It then consisted of the territory from which the townships of East China, China, Casco, Ira Clay, and Cottrellville have since been organized. At present it is one of the southern townships bordering on St. Clair river, and is bounded on the north by East China and China townships, on the west by Ira township, on the south by Clay township, and on the east by St. Clair river. It is designated town 3 north, range 16 east. The surface of the country is generally level, and the land is excellent for general farming purposes. There are three post offices in the township, Marine City in the northeastern part, Robert's Landing in the southeastern part, and Starrville in the western part. The township has a town hall, six school buildings, one church, and four cemeteries.

The township officers for the year 1893-4, and their postoffice addresses, are:

Supervisor—Patrick Shea, Marine City.
Clerk—Chandler Smith, Marine City.
Treasurer—John R. Basney, Starrville.
Highway Commissioner—C. M. Smith, Marine City.
Justice of the Peace—John C. Haley, Marine City.
" " " —Daniel Beauchamp, Marine City.
" " " —Alexander Atwell, Algonac.
" " " —John Caniff, Starrville.
School Inspectors—Wm. McKenzie, Marine City.

GREENWOOD TOWNSHIP.

Greenwood township is situated in the northern part of the county. It is bounded on the north by Sanilac county, on the west by Brockway township, on the south by Kenockee township, and on the east by Grant township. It is described as town 8 north, range 15 east. The township was originally heavily timpered with beech and maple, and since being cleared the land makes fine farms. The Saginaw division of the Flint and Pere Marquette railroad crosses the southwest corner of the township. There are three postoffices, East Greenwood in the northeast, Fargo in the center, and Hartsuff in the southwest. The township has a town hall, six school buildings, five churches, and three cemeteries.

The township officers for the year 1893-4, and their postoffice addresses, are as follows:

Supervisor—Patrick Fox, Hartsuff.
Clerk—Andrew Kilgore, Fargo.
Treasurer—Charles A. Lapien, Fargo.
Highway Commissioner—Frank Newstead, Hartsuff.
Justice of the Peace—Patrick Fox, Hartsuff.

IRA TOWNSHIP.

Ira is a fractional township in the southwest corner of the county. It is bounded on the north by Casco township, on the west by Macomb county, on the south by Lake St. Clair, and on the east by Cottrellville township. It is described as town 3 north, range 15 east. It presents a very level surface, and was originally timbered with oak and ash. The land is not very good for farming, a portion of it being quite marshy. The township has a town hall, four school buildings, two churches and three cemeteries. There are two postoffices in this township, Fair Haven in the southeast and Anchorville in the south.

The township officers for the year 1893-4, and their postoffice addresses, are:

KENOCKEE TOWNSHIP.

This is the middle township of the second tier from the north. It is bounded on the north by Greenwood township, on the west by Emmet township, on the south by Wales township, and on the east by Clyde township. It was organized in the year 1855 and is designated town 7 north, range 15 east. This locality was originally heavily timbered with hardwoods, and there are some very fine farming lands. The country generally is rolling. The township is traversed from west to east by Mill creek. There are three postoffices in the township, Abbottsford in the east, Avoca in the north and Kenockee in the south. The township has a town hall, six school buildings, one church and one cemetery.

The township officers for the year 1893-4, and their postoffice addresses, are:

Supervisor—James Mackey, Emmett.
Clerk—Edward Pearsol, Kenockee.
Treasurer—Henry Isbester, Goodells.
Highway Commissioner—Stephen Lambkins, Brockway.
Justice of the Peace—James Mackey, Emmett.
" " " —Martin Wesbrook, Abbottsford.
" " " —Thomas Seymour, Kenockee.
" " " —Henry Burnham, Avoca.
School Inspector—James Click, Kenockee.
Constable—Wallace Dowd, Kenockee.
" —Joseph Stubbs, Abbottsford.
" —Samuel Ramsey, Kenockee.
" —Isaac Brooks, Avoca.

KIMBALL TOWNSHIP.

This township is situated a little east of the center of the county, and is bounded on the north by Clyde township, on the west by Wales township, on the south by St. Clair township, and on the east by Port Huron township. It is described as town 6 north, range 16 east. It is watered by Pine river, which crosses the township from the northwest corner to the south side. It has a broken surface bordering the stream, but elsewhere is level. The land was originally covered with pine and hemlock, and is generally quite sandy. The township is badly cut up by railroads, the Grand Trunk crossing from east to southwest, the Chicago and Grand Trunk from east to northwest, the Almont division of the Flint and Pere Marquette from east to west, and the Saginaw division of the Flint and Pere Marquette across the northwest corner. There are three postoffices in the township, Kimball in the east, Thornton in the northwest, and Smith's Creek in the southwest. The township has a town hall, seven school buildings, two churches, and one cemetery.

MUSSEY TOWNSHIP.

This township is situated in the extreme western part of the county. It is bounded on the north by Lynn township, on the west by Lapeer county, on the south by Berlin township, and on the east by Emmet township. It is designated town 7 north, range 13 east. This section was originally heavily timbered with pine, hemlock, and tamarack, and the soil is marshy. By extensive drainage some very good farming lands have been made, which produce hay in large quantities, and wheat and other grains in fair quantities. The The Chicago and Grand Trunk railroad crosses the township from east to west. Capac, near the center, is the only village or post-office in the township. It has a town hall, seven school buildings, three churches, and four cemeteries.

The township officers for the year 1893-4, and their postoffice addresses are:

Supervisor—Albert Tosch, Capac.
Clerk—Michael Neihman, Capac.
Treasurer—Jacob Waltz, Capac.
Highway Commissioner—John Kingott, Capac.

PORT HURON TOWNSHIP.

This was originally known as Desmond township, and was organized in 1828. It has since been reduced in size by the organization of other townships, and by the territory taken into the city of Port Huron, so that it is now only a fractional township. It is bounded on the north by Fort Gratiot township, on the west by Kimball township, on the south by St. Clair township, and on the east by St. Clair river and Port Huron city. It is designated town 6 north, range 17 east. This was originally a timbered region in which pine, black ash, and hemlock abounded, and the characteristic feature of the soil is sandy, with considerable marsh. The central portion of the township is badly cut up with railroads, the Grand Trunk, Chicago and Grand Trunk, and the Almont and Saginaw divisions of the Flint and Pere Marquette railroads crossing it from east to west. There are two postoffices in the township, Marysville in the southeast corner and Upton Works on the east side. The township has a town hall, six school buildings, two churches, and one cemetery.

The township officers for the year 1893-4, and their postoffice addresses, are:

Supervisor—Charles A. Bailey, Port Huron.
Clerk—Bernard J. Ward, Port Huron.
Treasurer—Clarence A. King, Marysville.

RILEY TOWNSHIP.

This is one of the western townships of the county and is designated town 6 north, range 14 east. It is bounded on the north by Emmet township, on the west by Berlin township, on the south by Macomb county, and on the east by Wales township. The township is traversed from west to southeast by Belle river, and presents a gently rolling surface. It is one of the best farming townships in the county The Almont division of the Flint and Pere Marquette railroad crosses the southern part of the township from east to west. There is but one postoffice, Riley Centre, in the township, although half of the village of Memphis is in the southeastern part of the township, and the postoffice is just across the line in Macomb county. The township has eight school buildings, three churches and one cemetery.

The township officers for the year 1893-4, and their postoffice addresses, are:

Supervisor—Freeman Snyder, Riley Centre.
Clerk—E. A. Bartlett, Memphis.
Treasurer—Jacob H. Mesick, Memphis.
Justice of the Peace—Charles Conat, Memphis.

WALES TOWNSHIP.

This township is situated near the center of the county and is bounded on the north by Kenockee township, on the west by Riley township, on the south by Columbus township and on the east by Kimball township. It is designated town 6 north, range 15 east. This township was originally covered with beech, maple and oak timber and presents a level surface with no marsh land. It is watered by Pine river in the north and Perry Creek in the central part. It produces large quantities of hay and grain and is by many considered the best farming township in the county. The Grand Trunk railroad crosses the southeast corner. The Chicago & Grand Trunk railroad crosses the northern part of the township from east to west, and the Almont division of the Flint & Pere Marquette crosses the central part from east to west. There are three postoffices in the township, Goodells in the north, Lamb in the west and Wales in the center. The township has a town hall, nine school buildings, four churches and two cemeteries.

The township officers for the year 1893-4, and their postoffice addresses are:

Supervisor—Isaac P. Green, Wales.
Clerk—Abner B. Fitch, Wales.
Treasurer—S. L. Persels, Wales.
Highway Commissioner—Joseph Keopfgen, Wales.
Justice of the Peace—William Smith, Lamb.
" " " —Byron M. Jenne, Lamb.
" " " —Isaac P. Green, Wales.
School Inspector—George King, Thornton.
" " —Joseph Keopfgen, Wales.
Constable—C. H. Fox, Lamb.
