OVERTURE.

The public favor with which the previous editions of our Port Huron Directory have been received has been very gratifying to the publishers and has induced us to further enlarge and perfect the present work to keep pace with the improvements and growth of the city.

The purchaser of this directory will notice three new features. The intersection of streets; the star after the name which indicates that there is a phone at that number, and in the alphabetical list you will notice that the given name of the wife is in () parenthesis, which gives all of the people in the city except those under 16 years of age.

The population according to our figures and best knowledge, cannot be placed at less than 25,000. That Port Huron has preserved with commendable pride her well earned reputation of one of the best situated cities in Michigan and is clearly demonstrated by the steady increase of her population, the gratifying statistics of her commercial interests and the price of "corner lots" by Schoolcraft & Co. Her modesty not allowing her to advertise a boom, Port Huron has a steady growth, sure to continue while other cities is the State have had their day of boom.

Our new features in this directory of street intersection, phone indication and wife's name, will be favorably accepted as there is but one book in the country has these up-to-date ideas.

Thanking those who have given us their support, we remain

Very Respectfully Yours,

WOLVERINE DIRECTORY CO.

LANSING

Believe their young men to be their most valuable asset and have sought to increase the value of this asset by erecting and equipping modern club houses for them in buildings for the Young Men's Christian Association

What values does Port Huron put on her young men? The subscription list to the Y. M. C. A. Building Fund will be the test
