Introductory

In compiling this our Port Huron Directory for 1921, we have left no effort on our part to make it complete as possible, under the circumstances.

The new street that new houses are erected on is also given, and in all the publishing of the directory of Port Huron this has shown more changes, both in business and residence, and the population increase is the largest in five years.

The names of the different nationalities is the greatest and in looking for same get the correct spelling on the street lists.

The population of Port Huron is 33,300.

Thanking those who have always lent a helping hand in the support of the city directory, and wishing for a continuance, we remain,

Respectfully yours,
WOLVERINE DIRECTORY CO.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyer's Guide on earth. A modern up to date method of getting what you want.
