*Emblem of Satisfaction*

# BUICK

*Emblem of Satisfaction*

**T**HE capacity of Buick for day in and day out service under every weather and road condition is appreciated today more than ever. Because today car values are being more rigidly scrutinized as investments that are expected to pay definite dividends in service.

A ride in a 1922 Buick will demonstrate this Buick reliability, and make you realize why more Buicks are in operation today than any other car, with one exception.

## *Astonishing Power*

The sensational performance of the new Oldsmobile Four is a surprise not only to the public but to motor experts as well.

For the ease and sureness with which it has conquered hills throughout the country is an example of power that might well astonish anyone at all familiar with four-cylinder ability.

We suggest that you come in and drive this car in any test which will conclusively convince you that it is a dollar-for-dollar value not elsewhere even approached.
