**Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?**

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

*"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.*

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

*May we explain how and why it will pay you?*

**COAL COAL**

QUALITY BLUE STAR COAL means a big pile of heat in your home—not a big pile of ashes in your back yard.  
 QUALITY BLUE STAR COAL holds fire almost as long as hard coal.  
 QUALITY BLUE STAR COAL goes 30% further than any other soft coal—it's clean, does not clinker—little smoke or soot.  
 Use QUALITY BLUE STAR COAL and reduce your fuel bill.

# WHITE TRUCKS

THE PRODUCT  
of EXPERIENCE

**T**HERE is something which defies theory in the making of a successful truck. No blue print specifications can foretell its performance. Engineering skill alone cannot assure it.

The successful truck is the product of years of transportation experience under all operating conditions.

White Trucks have grown to be what they are. They do the most work for the least money because that has been the essential purpose in their development.
