FIFTEENTH EDITION

INTRODUCTION

The new 1957-58 Directory of the City of Port Huron, Marysville, Townships and Beaches, comprising the rural buying area showing a population of over 58,500 people.

ATTENTION: More changes have been made in the compilation in this book than has been done in over 56 years, thus you will find Mac and Mc compiled together, there is now no need for a cross index to find the families who use either prefix.

The miscellaneous department now precedes the business section and is eliminated from the alphabetical department. Federal, State, County, City and Township Governments are in one complete section as well as churches, schools, societies, clubs, institutions and fraternities. This work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of all in our district.

This method of compilation makes it possible for users to find and locate any information needed when not in possession of the correct names or addresses.

We sincerely believe that the new home directory will be used and appreciated. It is the first attempt of any directory publisher in years to complete a work of this kind for home users. All business firms, names, addresses and telephone numbers have been listed to the best of our ability.

The purpose of your directory is to set forth the characteristics and advantages of your city. A place to live, a business location, industrial sites and educational center.

The publishers wish to thank the citizens for the valuable assistance in furnishing the information necessary. Also the public-spirited and progressive business and professional men for their patronage and support.

Sincerely yours

E. A. Lester & Sons
Robert B. Lester
Hubert C. Lester
Earl A. Lester
