Publisher's Announcement

In presenting the eighth St. Clair County Directory to its users, the publishers wish to commend the people of this county on the absence of depression as shown by other cities and counties in Michigan since the ending of the World War. The growth in the population of Port Huron and St. Clair County during the past six years shows a greater increase than any like period in the history of this County.

We find new additions are being built up and occupied by home owners, our parks, play grounds, streets and highways, and homes show more improvement than ever before recorded. Our farms are developed to a higher standard of efficiency, and rural life shows more progress than any other branch of industry. Our files show that the "Back to the Farm" slogan is no myth.

We have failed to find any extreme cases of poverty; and labor and food are in abundance.

We appreciate the support given our work, for without the liberal patronage of the advertisers, the price of this book would make it prohibitive to many of its users.

Congratulating those who have chosen this fair county to call their own, we remain,

At your service,

MARINE CITY ∴ ∴ MICHIGAN

Port Huron Chamber of Commerce

Port Huron is at the foot of Lake Huron, and on the St. Clair River.

With this splendid location on the Great Lakes chain, Port Huron offers a great opportunity to manufacturers who can send and receive shipments by water and rail.

Upon the completion of the Great Lakes-to-Ocean project, Port Huron will be the same as an ocean port.

Black River is navigable for several miles, a number of industries already being located on its banks. This river passes through the center of the city, emptying into St. Clair River.

Port Huron is served by three railroads, the Grand Trunk, Pere Marquette and the Detroit, Bay City and Western.

Through the White Star Line, running from Port Huron to Detroit, connections can be made by water with Toledo, Cleveland, Buffalo and other Great Lakes ports.

Port Huron is also connected with Detroit by the Interurban service of the Detroit United Railroads which gives shippers a special through rate.

A system of automobile and truck lines to Detroit and parts of the Thumb district gives passenger and freight service.

Port Huron is the concentration center of the Thumb district with a population well over 200,000 people.

Port Huron is the headquarters of the Woman's Benefit Association, the largest fraternal benefit society for women in the world. This organization has more than 260,000 members, a reserve fund of sixteen million dollars and employs 125 women clerks to handle its international business.

Port Huron is the headquarters of the Ladies of the Maccabees with a membership of 56,000 women and a reserve fund of two and a half million dollars.

Port Huron has a free automobile tourist camp located in Palmer Park, well shaded with palm trees and one of the most natural beauty spots on the lakes.

Port Huron has seven miles of beaches, municipal bathing and dancing pavilions, two parks on the River and four others in different sections of the city.

Statistics of the city are as follows:

PORT HURON HAS

Stability and Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the City Directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?
